

LORRAINE MWOYOUNOTSV A

DATA ANALYST

Windhoek, Namibia | lorrainemwoy.tech@gmail.com

TO WHOM IT MAY CONCERN,

I am a dedicated data professional with a strong background in data analysis and engineering, driven by a passion for leveraging data to solve complex problems and deliver impactful solutions. With hands-on experience in data pipeline design, predictive modeling, and performance optimization, I bring a well-rounded skill set and a commitment to delivering results.

As a Data Analyst on a 12-month contract, I designed and implemented scalable data systems that enhanced operational efficiency and supported critical decision-making. My prior role as a volunteer Data Analyst enabled me to identify customer trends, streamline operations, and optimize revenue, showcasing my ability to translate data into actionable insights. Coupled with my academic training in Software Development and certifications in Data Science and Machine Learning, I have cultivated expertise in Python, SQL, Power BI, and predictive analytics.

Beyond technical proficiency, I excel in collaboration, adaptability, and communication, which I believe are vital for driving success in any team. I am eager to apply my skills to innovative projects, support data-driven decision-making, and contribute meaningfully to organizational goals.

Thank you for considering my application. I look forward to the opportunity to contribute to your company's success.

Regards,

Lorraine Mwoyounotsva

SKILLS

Technical Skills: Python, SQL, R, Power BI, Matlab, Excel, Google Sheets

Soft Skills: Analytical thinking, Creativity, Communication, Adaptability, Collaboration, Teamwork

Languages: English, Shona

EDUCATION

Namibia University of Science and Technology

March 2022 - Present

Bachelor of Computer Science in Software Development

WORK EXPERIENCE

CodSoft

Aug 2023 - Sep 2023

Data Science - Internship

- Completed the CODSOFT Data Science Internship, enhancing proficiency in data analysis, visualization, and predictive modeling through real-world projects.
- Collaborated on solving complex data challenges, delivering actionable insights, and honing technical skills in Python, SQL, and machine learning tools.

Afrilicious Hair Clinic & Wellness Spa

Dec 2023 - Dec 2024

Part-Time Data Analyst - 12 Month Contract

- Delivered outstanding results in data analysis, leading to client re-engagement
 - Designed, implemented, and optimized data analysis workflows and solutions.
 - Built scalable data models and systems, ensuring efficient data processing and analysis to support business-critical decision-making.
-

VOLUNTEERING EXPERIENCE

Afrilicious Hair Clinic & Wellness Spa

Jan 2023 - July 2023

Data Analyst - Volunteer

- Analyzed customer trends, service performance, and marketing effectiveness to drive targeted campaigns, improve retention, and optimize revenue.
 - Enhanced operations by streamlining inventory management, staff scheduling, and personalized client experiences using data-driven insights.
-

CERTIFICATION

Africa Agility Data Science / Machine Learning Certificate

June 2023 - Aug 2023

freeCodeCamp Data Analysis with Python Certificate

Dec 2024

freeCodeCamp Machine Learning with Python Certificate

Dec 2024
